GET LOTS OF SATISFACTION OUT OF BUMPUS JONES.

Kansas City Takes First Game From Senators With Ease - O'Hagan and Williams Made Homers in the First Inning.

COLUMBUS, O., July 9.-(Special.) The Blues started in on Bumpus Jones this afternoon in much the same style they did on that memorable Saturday when he was saved from crushing defeat by a timely rain storm that chased both teams off the was his this time and he was obliged to take his medicine. After the first inning Jones pitched good ball, but the memory of the disaster which befell him in the first round will linger long in the mind of the

erratic Bumpus.

A base on balls, two singles and two home runs in one inning gave the Blues five runs and a lead pipe cinch on the game, but they took no chances and added an occasional run up to the end of the game. Columbus hit Meredith rather freely, as seven singles, two doubles and a triple attest, but they were quite well distributed and Meredith was as cool as an old leaguer, passing but two men to first.

oid leaguer, passing but two men to first. He was also well supported, only one of the errors proving costly, and the misplays were atoned for by several brimant plays in the field, McVicker and Williams especially distinguishing themselves.

The Blues were sent first to bat and Slagle walked. Frisbee flew out, Connaughton singled and Williams poked one on the nose which Knoll did not field back from the clubbouse in center field until Williams had crossed the plate. Wilson made a hit and O'Hagan duplicated Williams' home run drive, five runs being the result of the inning. result of the inning.

Frisbee beat a bunt out in the second

Frisbee beat a bunt out in the second, but was forced at second by Connaughton, who scored when Frank muffed Williams' fly in right field. Tebeau's triple and Knoll's single in the same inning gave Columbus a run, and in the third Hulen's scratch twobagger and Genins' single added another to the score. Viox singled. Meredith beat a bunt to first and Frisbee hit for three bases in the sixth, scoring two runs. Buckley's hit, O'Hagan's muff of Hulen's fly and a single by Genins scored two in the seventh, while the Blues scored in the eighth on singles by Slagle and Frisbee, Slagle going all the way from first to home on a single, as he had started to steal second when Frisbee hit the ball. Buckley's twobagger and singles by Hulen and Genins scored one in the ninth, Genins being doubled up with Wolverton. Attendance 400. Score: COLUMBUS.

Kid" Fear's Club Is Making a Good Record This Season-Atchison Twice Defeated Last Week.

TOPEKA, July 9.-(Special.) This city now has the best team since 1887, when Goldsby's Golden Giants won the Western League pennant. This year's club is managed and captained by "Kid" Fear, who directed the Grand Rapids team last year. Topeka has had the team about two weeks and it has been very successful in the games thus far played. Atchison has been twice defeated in games in this city this week.

The Bradburys defeated the Unions in an exciting game at Exposition park yesterday by a score of 16 to 13. Watts started to pitch for the Unions, but in the sixth inning-was forced to retire in favor of Campbell. Vaughn was in the box for the Bradburys. Another game will be played at 2:30 this afternoon. Allen and Hanley will form the battery for the Bradburys and Campbell and Sawyer for the Unions.

The members of the Kansas City police and fire departments are spending their odd moments when off duty in practice for the ball game to be played at Exposition park next Thursday afternoon. The proceeds of the game will be given to the Policemen's and Firemen's Rellet Associations. Captain Galloway has not fully decided upon the line-up of the fire fighters, but the policemen will play in the follewing positions: Catcher. Shinnick: pitcher, Emmons; first base, W. O'Brien; second base, Sheehan; third base, J. O'Brien; shortstop, Kelly: lett field, Byer; center field, Dyer: right field, Noland; substitutes, Boyle, Carroll, Shinners, Wofford. GALLIVANT DEFEATS BRIGHT.

Latonia Spring Prize Handicap Won in a Gallop by C. F. McLean's

3-Year-Old. CINCINNATI, O., July 9.—This was get-away day at Latonia. A good card, with the Latonia spring prize handlcap as a feature, drew out a good crowd of 5,600 people. There were the usual number of good things and several of them went through for the wise ones.

The stake race was won by C. F. Mc-Lean's Gallivant in a gallop. John Bright, the oddson favorite, was second, and Mariti third. There were only four starters in the race. Gallivant got away in good position and in the stretch passed John Bright. The latter tired badly under his heavy impost of 125 pounds and Gallivant won easily by one length. The value of the stake to the winner was \$1.35. Weather fine; track fast. Summarles:

First race—7 furlongs; selling. Lena Myers, \$5 (Crowhurst), 12 to 1, won; Maggie S., 194 (C. Clay), 5 to 1 and 2 to 1, second: Filibuster, 39 (Webster), 20 to 1, third. Time, 1:22.

Second race—6 furlongs; selling. Piccola. 103 (Everett), 7 to 10, won; Romanoff. 104 (J. Mathews), 5 to 1 and 2 to 1 second; Salvarse, 103 (Nutt), 6 to 1, third. Time, 1:16%. The stake race was won by C. F. Mc-

(J. Mathews), a to 1 sto 1, third. Time, 1:16½.

Salvarse, 163 (Nutt), 6 to 1, third. Time, 1:16½.

Third race—1 mile; selling. George Krats. 94 (Crowhurst), 3 to 1, won; Doncella, 163 (Nutt), 2 to 1 and even, second; Great Bend, 103 (Everett), 4 to 5, third. Time, 1:41.

Fourth race—The Latonia spring prize for 3-year-olds; 1½ miles. Gallivant, 106 (Nutt), 13 to 10, won; John Bright, 125 (J. Mathews), 7 to 19, second; Mariti, 95 (Crowhurst), 7 to 1, third. Time, 1:54%.

Fifth race—Selling; 7 furlongs. Annie Taylor, 33 (C. Clay), 4 to 1, won; Voyageur, 25 (Crowhurst), 5 to 1 and 2 to 1, second; Annie M., 161 (Nutt), 3 to 1, third. Time, 1:29.

Sixth race-7 furlongs; selling. Cyclone, 108 (Everett), 4 to 1, won: Bromo. 104 (Kuhn), 100 to 1 and 40 to 1, second; Lylis, 107 (Conley), 7 to 1, third. Time, 1:28¹/₄.

A RACE MEET IN ATCHISON. Driving Association to Be Formed Which Will Improve the

Track.

ATCHISON, KAS., July 9.-(Special.) A driving association will soon be organized in Atchison, to have charge of a four or five days' trotting meet which it is proposed to hold in September. The old as sociation race track will be scraped, dragged and rolled and put in good condition generally if the parties who own it consent to lease it to the association soon to be formed. Considerable interest in the sport is being manifested, and as there are a number of fine roadsters in Atchison and several horses that would do campaign work in any company, a successful meet is raticipated.

Results at Brighton Beach.

Results at Brighton Beach.

NEW YORK, July 9.—There was a good attendance at Brighton Beach to day, where seven races were run off. For the Undergraduate stakes, Kingdon was the favorite, although Chorus Boy had a strong following. After a long delay at the post they got away in fair order with Chorus Boy in front. He stayed there to the last furlong, when he quit, and Kingdon went on and won in gallop. Summaries:

First race—Selling: 1 mile. Hand Press, 97 (Maher), even, won; Atlantus, 190 (Neville), 3 to 1 and even, second; Alarum, 196 (Doggett), 8 to 1, third. Time, 1:44.

HOLMES SQUARE CONCERT. James' Military Band Given an En-

thusiastic Reception Last Night. Everybody and his sister, living within walking distance of Holmes square, turned out last evening to hear the first band breathing place in the center of the residence portion occupied by a very hard-working part of our population. James' Military band was at its best, and the peo-ple heard it with enthusiasm. Nearly ev-

Military band was at its best, and the people heard it with enthusiasm. Nearly every number was so heartly applauded that the band responded to the encore, and the programme thus lengthened out to a late hour. The people of that part of the city are greatly pleased to know that such fine entertainment has been provided for them free of charge for Saturday evenings all through the summer season.

Yesterday afternoon James' Military band rendered an excellent musical programme at Budd park. The fresh air, grass, trees and bright sunshine and the music by James' Military band made the park attractive yesterday afternoon. The crowd was not large, but it was appreciative. Women and children made up the principal part of the audience. The programme as published in The Journal of yesterday morning was followed to the letter by Conductor James, who has taken the contract with the city to furnish music for the afternoon and evening concerts, which just closed their first week successfully. The "Battle of Manila" march, played for the first time by a band in Kansas City, was enthusiastically received and encored, but the softer music of the waltzes and overtures was also well received.

A WEEK OF DULL TRADE.

Business of Kansas City Jobbers Is Muck Better Than It Was Last Year. However.

Bradstreet's Kansas City office reports that the jobbing trade for the past week was rather light, though much better than last year, or than is usual at this time of year. There has been a good trade in

of year. There has been a good trade in staples, but little doing in luxuries. The retail people, however, complain of a light week's business. Their trade has been very slow, but this is generally the case the week following the Fourth of July, as the people buy in extra large quantities the week preceding.

But while the week's trade was affected with what might be termed hot weather or midsummer dullness, the spirit of the Kansas City merchants, both wholesale and retail, is very high. They can see that the business of Kansas City is much better than a year ago and that everything points to a continuation of its remarkable growth for a long time in the future.

QUIET AT SHEFFIELD. No Change in the Strike Situation at

the Nut and Bolt Works. There is no change in the strike situa-tion at Sheffield, beyond the fact that the fifteen machinists still at work last night decided not to go out. They qualify this decided not to go out. They qualify this action, however, by saying that they will lay down their tools "when the proper time comes." There were about thirty men at work altogether yesterday, and last night the "hotel" was filled to its capacity with workmen, who will hereafter eat and sleep in this improvised dwelling provided for them by the management. The works are still strongly guarded, policemen and detectives being alert at all hours of the day and night.

NOT THERE TO MEET THEM. Mrs. Brown and Her Children Return From a Visit to Find That Mr.

Brown Has Disappeared. Mrs. Albert Brown and three children vesterday arrived from Quincy, Ill. expecting to be met at the depot by the husband and father. Disappointed, she repaired to her husband's boarding house, at paired to her huscains sourcing house, at 42 East Thirteenth street, and there learned that he had not been seen since last Tuesday. For years Brown has been employed at the Jacob Dold packing house and was always a good provider. Mrs Brown fears that some misfortune has overtaken him and has appealed to the police.

THE WABASH NOT ALONE

CHICAGO & NORTHWESTERN TICK-ETS ALSO COUNTERFEITED.

Kansas City Is Under Arrest at Omaha and May Be Brought Here for Prosecution.

The Wabash officials are feeling much elated over the capture at Omaha of the man who is believed to be the one who disposed of a number of counterfeit Wabash tickets to the brokers here. They feel certain they have the right man, and the facts now in their possession lead them to believe they will eventually capture all of the other members of the gang that was in the conspiracy to defraud the Wabash and other roads. One of the secret service employes of the Wabash system was here vesterday with the photograph of the man in custody at Omaha and it was positively identified by several of the brokers as that of the man from whom they bought the bogus tickets.

The man was captured at Omaha with a large stock of tickets reading over the Chicago & Northwestern road to various points in his possession. He is said to have unloaded a number of them at Omaha, but as there are severe restrictions now on

as there are severe restrictions now on the brokers at Omaha because of an orthe brokers at Omaha because of an or-dinance passed by the city council in an effort to secure reduced rates for the expo-sition there his determined canvass of the city aroused suspicion and led to his ar-rest and the capture of the stock of tick-ets he had on hand.

The fact that he had used the same tac-tics in handling those tickets that were used in handling the bogus Wabash tickets here aroused suspicion and his photograph was brought here for identification, which was very easily furnished. The secret

was brought here for identification, which was very easily furnished. The secret service agent of the Wabash will return to Omaha to-day and will try to have the man brought back to Kansas City for trial. From facts in the possession of the Wabash company its officials are of the opinion the tickets were printed at Chicago and that a gang of counterfeiters has been operating there and was prepared to flood the country with bogus tickets on several lines. The Wabash tickets were very near correct. The only difference the company has been able to detect is in the serial number on the ticket which is printed in smaller figures than on the genuine tickets and the back of the ticket is slightly different in color from the genuine. The ets and the back of the ticket is slightly different in color from the genuine. The companies use a special kind of paper that is hard to obtain, and it can only be counterfeited by the use of chemicals. The most surprising feature of the counterfeit Wabash tickets is the accurate reproduction of the stamp that is used at the Dearborn street station of the Wabash road at Chicago. It is a steel cutting stamp and uses just enough ink to show the faint trace of figures and name. It is a costly one to make and requires great skill in its manufacture. The reproduction of it is absolutely correct.

manufacture. The reproduction of it is absolutely correct.

The same factics were used in the reproduction of the Chicago & Northwestern tickets and they were of a character that would be accepted almost anywhere. Had the man not been over anxious to sell them and if he had not shown the brokers so large a number he would doubtless have been successful. Harry McCrary, one of the leading brokers of the city, says the brokers will do all in their power to help convict the man.

WILL PAY WITH OHECKS. anta Fe Decides It Cannot Afford to

Return to Plan of Paving Employes With Cash. TOPEKA, July 9 .- (Special.) The Santa

'e management has decided to continue paying the employes of the shops in this paying the employes of the shops in this city by check as heretofore.

"What would be saved in revenue stamps by paying the shop employes in currency," said Treasurer Edward Wilder to-day, "would not be worth the time and trouble necessary to pay by that method."

Only the employes of the general offices in this city, the employes of the offices in Chicago and the employes in the Chicago yards will be paid in currency as a result of the new revenue law. This can be done with but little inconvenience.

There is a Santa Fe agent in charge of a small station in the eastern part of the state who may be said to be a first-class state who may be said to be a first-class American citizen.

Recently he wrote Treasurer Edward Wilder stating that he wished to bear his share of the war revenue, and asking that when his paycheck was made out each month the cost of the revenue stamp required to be attached by the new law be deducted from the amount of his salary.

He also said that on any personal shipments he might make in the future he would pay the tax instead of allowing the company to do it.

Probably Bought for Huntington.

NEW YORK, July 9.—The Times says:
C. P. Huntington was asked last night
whether he was interested in the purchase
of the Galveston, La Porte & Houston railroad, which was bid in at foreclosure sale
two or three days ago by George C. Holt,
of Woodstock, Conn. for \$400,000\$ This railroad was ordered sold by the United States
court in Texas some time ago, but the upset price of \$500,000 was higher than any
bid received. Subsequently the upset price
was reduced. Mr. Huntington would not
say yesterday that the road had been
bought for him, but he intimated that such
might be the case. He said that he was
interested with persons who he believed
were going to bid for the road. He did not
know Mr. Holt, and therefore was not prepared to say whether or not his friends had
secured possession of the property. Mr.
Huntington said that he personally made an
offer for the Galveston, La Porte & Houston some time ago, but it was refused. Probably Bought for Huntington.

Chicago-St. Paul Rates to Be Cut. Chicago-St. Paul Rates to Be Cut.

CHICAGO, July 9.—After next week \$3.50 or \$4\$ is almost certain to be slashed from the passenger rate now in effect on the strong lines between this city and St. Paul and Minneapolis. This will make the fare \$7.50 or \$8\$. Still greater reductions are proposed by some of the most conservative passenger men. The Chicago, Rock Island & Pacific gave notice to-day that on July 17 it would put a reduced rate in operation from Chicago to St. Paul and Minneapolis to meet existing competition. Just what this rate will be officers of the road do not state, though they promise to give ample notice in order that competitors may meet it if they see fit.

Rates to Be Restored at Gateways. Rates to Be Restored at Gateways.

ST. LOUIS, July 9.—Executive officers of the St. Louis and Peoria Eastern lines at a meeting held here received the report of the special committee of freight traffic managers appointed at the Chicago conference for the purpose of taking steps to improve the rate situation at the St. Louis and Peoria gateways. The recommendations of the traffic managers adopted at the meeting held here on Thursday were approved and it was agreed to maintain rates at the restored figures from July 15. It was reported that the situation at all the Eastern gateways had been materially strengthened.

East Bound Shipments From Chicago CHICAGO, July 9.—Eastbound shipments for the week amounted to 44.764 tons, against 39.672 for the week previous, and 54.989 last year. The Fort Wayne lew with 6.293 tons. Other lines carried: Michigan Central, 3.573; Wabash, 3.746; Lake Shore, 5.599; Panhandle, 5.896; Baltimore & Ohio, 3.706; Grand Truuk, 5.534; Nickie Plate, 3.245; Erle, 3.273; Big Four, 3.464.

Railroad Notes.

The Southwestern passenger committee will hold a meeting in St. Louis next Wednesday. Wednesday.

Because of the flood in the territory north of Kansas City, a Burlington passenger train between Omaha and this city was compelled to cross the Missouri river four times on the trip to avoid bad track. It arrived here five hours late. James Donahoe, of Topeka, has been appointed cashier in the ticket office of the Santa Fe at Pueblo. Mr. Donahoe has been connected with the Santa Fe in different capacities in the passenger department for over fifteen years.

ment for over fifteen years.

General Agent J. B. Frawley, of the Union Pacific passenger department, returned from Omaha yesterday. He was told by the exposition managers that the exposition receipts exceeded expenses last month, a remarkable and unexpected record. The attendance for the month averaged 5,000 people per day.

The Chicago, Milwaukee & St. Paul passenger department has hit upon a unique method of advertising which again raises the question asked frequently before, "How can he afford it." It is in the form of a clock the face of which occupies in a frame similar to the front of a locomotive

the place of the headlight of the engine. Colonel George H. Foote, district passenger agent, received several of the clocks yesterday. They are for distribution only to coupon agents who are friendly to the Milwaukee road.

Kansas City-St. Louis lines received no advices yesterday as to the expected cut in rates to offset the \$2 cut in Kansas City-Chicago rates. It is expected that the St. Louis rate will be reduced \$2 to \$5.50, but as the cut rates are not to become effective until July 17, notice may not be given of a reduction to St. Louis for several days. The unusually long notice given in advance of the Chicago reduction is taken to indicate a hope on the part of the Western roads that their difficulties may be settled before it becomes effective, and that the reduced rate may be withdrawn within a few days. The failure of the St. Louis lines to give any notice of reduction strengthens that view.

PROMOTION FOR D. W. SMITH He Will Succeed Thomas W. Walke as Superintendent of Letter

Carriers.

It was announced yesterday that Dell W. Smith will be made superintendent of carriers in the postoffice here August 1 to succeed Thomas W. Walker, who the place for over four years. Mr. Smith is letter carrier No. 58 at the postoffice and has spent about ten years in the em and has spent about ten years in the employ of the department in that line of work. At present he carries the mail on Walnut street north of the postoffice, his route including the Midland hotel, the Temple block and other important places on that street. He has an excellent record as a carrier. The position of superintendent of carriers pays \$1,800 per annum and requires but a reasonable amount of work. There is some responsibility attached to the place, but not enough to worry a man competent to fill the position.

Since the new administration came into power there has been much talk among the employes there about the probable changes that would follow. Mr. Walker was appointed from outside the office, as most of the other superintendents have been, but the carriers were anxious that one of their own number be advanced and half a dozen men were applicants for the place. Mr. Smith was well indorsed and had some influential friends who helped him all they could and he has been informed that his promotion would occur the 1st of August. His principal competitor for the place was Walter Graham, who is connected with the postoffice department at station A. There were several others at the main office who would have been pleased to get the place, and made some efforts to secure it, but the race was really between Smith and Graham. ploy of the department in that line of

METROPOLITAN MAIL SERVICE. Postmasters Scott and Barnes Plan

ning to Have Mail Cars Placed

on Street Railway Lines. Postmasters Scott and Barnes are con fronted with a new proposition of handling the mails. The increase of mail has swamped the contractors who convey mail from depots to postoffice buildings. In addition the carriers are said to be crowded and thus it is reported a congested situation. The leading commercial centers have long since been provided with street railway mail transportation. A government mall car is attached to the street car at certain hours, making certain trips, and mail is conveyed from postoffice to depots and from postoffice to carriers in certain parts of the city. In this way the mail facilities are improved and by such a system perfected Kansas City would be made a good place to do business in as well as live in.

The two new postmasters who have promised a decent mail service will confer with the street railway officials at an early date and secure a proposition for handling the mails. The effort will then be made to induce the department to establish the street railway service and in doing so hope to take another step in the direction of residents. The leading commercial centers have long railway service and in doing so hope to take another step in the direction of re-lieving the people of an incompetent mail

FROM DOOR TO DOOR.

Burglars Make a House to House Canvans on Reliefontsine Avenue. From Third to Fifth.

Burglars have been holding high carnival

among the residences on Bellfontaine avenue from Third to Fifth streets for the past two months. In that time a majority of the homes along that part of the avenue have been visited and valuables of all kinds, from jewelry and fine silver to coach harness and fine poultry, have been carried away. The people have hired a special watchman who walks about the streets near there each evening, but so far the burglars have not been frightened away, killed or captured. The homes in that hear there each evening, but so far the burglars have not been frightened away, killed or captured. The homes in that neighborhood are expensively furnished and the larders are well stocked and any burglar of enterprise can find something of value within reach if he tries.

At about 3 o'clock yesterday morning the burglar was out making his rounds. A fine set of coach harness was stolen from J. C. Hall, of 3½ Belifontaine, and two dozen fine chickens disappeared from the coops belonging to J. E. Nicholson, of 345. The burglar tried to gain an entrance to the home of Jacob F. Roehm, at No. 340. 500 but was frightened away after he had opened the window and was almost inside the house. Burt Roehm, a Union avenue ticket broker, who was sleeping on a divan in the alcove window downstairs because it was a cool place, awoke about 3 o'clock and heard someone walking on the porch. As he turned over on the divan the fellow opened the window screen and placed his foot inside the house. He would have stepped on the bed had he not been interrupted by a shout from Roehm. He fell backwards out of the window and fied. Burt Roehm has a basso profundo voice that is famous. He says he used it all when he shouted and the neighbors gathered around in testimony. Everyone in the block, except the special watchman, was awakened Mr. Roehm says they were unable to find the watchman during the remainder of the night.
